EASEMENT AND COVENANT TO RESTRICT USE

Gwen Halls, John L. Johnson and Charlotte B. Johnson,
hereinafter referred to as "Grantor," in consideration of the
sum of ~~ONE~~ ^{TWO} THOUSAND TWO HUNDRED AND NINETY EIGHT DOLLARS AND
NO/100 (\$~~2~~ 2,298.00), receipt of which is hereby acknowledged, do
hereby grant, a perpetual and assignable easement interest and
agree to further restrict the use of the easement areas as
detailed in Exhibit A to the UNITED STATES OF AMERICA,
hereinafter referred to as "Government," represented by the
United States Department of Energy (hereinafter called "DOE")
in, upon, over and across the property located in the County of
San Juan (APN 34S24E040000), State of Utah, as shown on
Assessor's Map at Exhibit B-1, the easement areas are defined in
Exhibit C (hereinafter referred as "Property"), retention of the
right of access over property described in Exhibit B is required
to access easement area defined in Exhibit C, for the purpose
described in Exhibit D.

A. Description of Facts:

A. 1. The Monticello Millsite (hereinafter "Millsite")
was owned by the United States of America, and operated through
various agencies from 1942 through 1959 for production of
uranium and vanadium: after the Millsite ceased operations on
January 1, 1960, tailings from the milling process were removed
from the site through either natural processes or by human
activity and contaminated properties in the vicinity of the
Millsite.

A. 2. DOE has been charged with the responsibility of
remediating the tailings at the Millsite and associated vicinity
properties under Section 120 of the Comprehensive Environmental
Response, Compensation and Liability Act 42 U.S.C. Section 9601
et seq., (hereinafter "CERCLA") and pursuant to the terms of a
Federal Facility Agreement (hereinafter "FFA") entered into
between the United States Environmental Protection Agency,

South Eastern Utah
Title Company

Order No. 22159-53

Region VIII hereinafter "EPA"), and the State of Utah Department of Health (hereinafter "State").

A. 3. The Grantor owns the property in the vicinity of the Millsite which DOE has determined to be contaminated with tailings.

A. 4. The Grantor and DOE wish to enter into this agreement to carry out the purposes of CERCLA and the FFA, and to protect the public health, safety and welfare.

B. Deed Restriction Requirement:

B. 1. DOE has determined that deed restrictions need to be imposed on the Property to ensure full protection of public health and the environment.

B. 2. The Grantor agrees that in order to protect the present and future public health and safety and the environment, the Property shall be used in such a manner as to avoid potential harm to persons or property which may potentially result from site development for or construction of any temporary or permanent habitable structures on the Property.

ARTICLE I
GENERAL PROVISIONS

1.1. This agreement sets forth rights, conditions and restrictions upon the subject Property. Each and all of the rights, conditions and restrictions shall run with the land, and pass with each and every portion of the Property, and shall apply to and bind the respective successors in interest thereof.

1.2. By granting and accepting the terms and conditions of this agreement, the Government and Grantor, its successor and assigns, agree to be bound by said terms and conditions and agree that the Parties shall be entitled to specific performance of any of the provisions or conditions thereof in any court of competent jurisdiction if the curing of any violation has not occurred within thirty (30) days after the party has provided written notice to the violating party of said violations or deficiencies.

1.3. All purchasers, lessees, or possessors of any relevant portion of the Property shall be deemed by their purchase, leasing, or possession of such Property, to be in

accord with the foregoing and to agree for and among themselves, their heirs, successors, and assignees, and the agents, employees, and lessees of such owners, heirs, successors, and assignees, that the Restrictions, as herein established, must be adhered to for the benefit of future owners and occupants and that their interest in the Property shall be subject to the Restrictions contained herein.

1.4. The Grantor agrees that the entire agreement set out herein shall be recorded and incorporated by reference in each and all deeds and leases of any portion of the Property. The agreement shall be recorded by the DOE in the San Juan County Recorder's office as set forth above.

1.5 This document shall constitute the entire agreement between the Parties and any prior understanding or representation of any kind shall not be binding on either Party except to the extent incorporated in this agreement.

ARTICLE II

RIGHTS, CONDITIONS AND RESTRICTIONS

2.1. Said rights are conveyed subject to existing easements for public roads and highways, public utilities, railroads and pipelines.

2.2. DOE, EPA, and the State, and their authorized representatives, contractors and subcontractors are granted retention of the right of access over remainder of Grantor's property, described above, to access the easement areas to perform inspection, surveillance, monitoring, characterization and assessment of the radiological contamination of the property, to carry out surface remedial action if determined necessary by DOE, and to take any other reasonable action consistent with the evaluation and performance of surface remedial action. Access will be coordinated as closely as possible with the Grantor, its successors or assigns, to minimize interference of their use and enjoyment of the property.

2.3. No site development for or construction of any temporary or permanent habitable structures may occur within the easement area. For the purposes of this agreement a "habitable structure" is defined as a structure that is suitable for person(s) to live or reside in.

2.4. The easement area shall not be used in such a way that will disturb or interfere with the integrity of any monitoring system.

2.5 Soils from the easement area shall not be removed from the area.

2.6. Grantor, its successor or assigns, shall provide a thirty (30) day advance notice to DOE of any sale, or other conveyance of the Property or an interest in the Property to a third person. DOE shall not have the authority to approve, disapprove, or otherwise affect any sale, lease, or other conveyance of the Property except as otherwise provided by law or by reason of this agreement.

2.7. Any violation of the agreement shall be grounds for DOE to take enforcement action, including the filing of an administrative, civil or criminal action, as provided by law, against the Grantor, its successor or assigns, subject to all applicable defenses.

ARTICLE III

REMOVAL OF RESTRICTIONS

3.1. The restrictions detailed in this agreement will be removed from the property or portions thereof when DOE has determined that the site meets regulatory standards, as determined by DOE, EPA, and the STATE OF UTAH; otherwise the restrictions and requirements of this agreement shall continue in effect in perpetuity.

ARTICLE IV

MISCELLANEOUS

4.1. Nothing set forth herein shall be constructed to be a dedication or offer of a gift or dedication of the Property or any portion thereof to the general public for any purposes.

4.2 Whenever any person gives or serves any notice, demand, or other communication with respect to this agreement, such notice, demand, or communication shall be in writing and shall be sent simultaneously to an authorized representative of the Grantor and to the DOE, in certified mail with return receipt requested.

4.3. If any portion of this agreement is determined to be invalid or unenforceable for any reason, the remaining portion of the agreement shall remain in full force and effect.

TO HAVE AND TO HOLD the rights hereby granted to the Government and its successors and assigns forever but without warranties of any kind by the Grantor, except that the Grantor affirmatively states they have received no claims to ownership from anyone since they acquired title to the property, and that they have not conveyed or incurred any liens against the property.

IN WITNESS WHEREOF, the Grantor and the Government execute this agreement as of the date set forth below.

CERTIFICATE OF ACCEPTANCE

This is to certify that the interest in real property conveyed by the forgoing agreement over Tract No. 34S24E040000, County of San Juan, State of Utah, dated JAN 24, 2001 from Gwen Halls, John L. Johnson and Charlotte B. Johnson, to the United States of America, is hereby accepted by the undersigned officer on behalf of the United States of America, and the Grantee consents to recordation thereof by its duly authorized officer.

Exhibit A

EASEMENT ESTATE

1. RIGHTS, USE AND CONDITIONS

DOE, EPA, and the State, and their authorized representatives, contractors and subcontractors are granted a right of entry in, across, and over the land described above to perform characterization and assessment of the radiological contamination of the property, to carry out surface remedial action if determined necessary by DOE, and to take any other reasonable action consistent with the evaluation and performance of surface remedial action. Access will be coordinated as closely as possible with the Halls' and Johnson's to minimize interference of their use and enjoyment of the property.

2. SPECIAL RESTRICTIONS ON LAND USE BY THE HALLS

No site development for or construction of any temporary or permanent habitable structures may occur. For the purposes of this agreement a "habitable structure" is defined as a structure that is suitable for persons to live or reside in.

3. ENTIRE AGREEMENT

This agreement shall constitute the entire agreement between the Parties and any prior understanding or representation of any kind shall not be binding on either Party except to the extent incorporated in this agreement.

4. BINDING EFFECT

By granting and accepting this agreement, the DOE and the Halls' and Johnson's agree to be bound by the terms of the rights granted and agree that the Parties shall be entitled to specific performance of any of the provisions or conditions thereof in any court of competent jurisdiction if the curing or any violation has not occurred within thirty (30) days after the party has provided written notice to the violating party of said violations or deficiencies.

5. **REMOVAL OF RESTRICTIONS**

The restrictions detailed in this agreement will be removed from the above described lands when DOE has determined that the site meets regulatory standards, as determined by DOE, EPA, and the STATE OF UTAH.
